

BRADLEY ELECTED KENTUCKY SENATOR

Former Governor, Who Is Republican. Finally Secures Four Democratic Votes.

THESE WERE DEMOCRATS
WHO OPPOSED BECKHAM

Senator-Elect Only Republican
Ever Serving as Chief
Executive of State.

FRANKFORT, Ky., Feb. 28.—Former Governor William O. Bradley was today declared elected to the United States Senate after an exciting joint sitting of the general assembly, receiving four Democratic votes in addition to the votes of all Republicans present. It has been held from the beginning of the contest, over six weeks ago, that a majority of a quorum was sufficient for an election, and with 126 members present today it required 64 votes to elect. The votes of four Democrats, who have steadily refused to vote for Former Governor Beckham, were transferred today from the various Democrats on whom they had sought to induce their party associates to unite, to the Republican caucus nominee, and his election promptly followed.

Many Changes of Votes.
The many changes of votes made the recapitulation a very slow process and it also developed an additional vote, but the vote for Bradley remained unchanged, there still being a majority of all members present and voting. There was immediately further delay in the announcement, but the speaker finally announced that Bradley had received a majority of the votes and was elected. The announcement that Bradley had been elected senator was made after nearly all the Democrats had changed

I AM A MOTHER

How many American women in lonely homes to-day long for this blessing to come into their lives, and to be able to utter these words, but because of some organic derangement this happiness is denied them. Every woman interested in this subject should know that preparation for healthy maternity is accomplished by the use of

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

Mrs. Maggie Gilmer, of West Union, S. C., writes to Mrs. Pinkham: "I was greatly run-down in health from a weakness peculiar to my sex, when Lydia E. Pinkham's Vegetable Compound was recommended to me. It not only restored me to perfect health, but to my delight I am a mother."

Mrs. Josephine Hall, of Bardonia, Ky., writes:

"I was a very great sufferer from female troubles, and my physician failed to help me. Lydia E. Pinkham's Vegetable Compound not only restored me to perfect health, but I am now a proud mother."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

**GODBE-PITTS DRUG
COMPANY.**

To Cure La Grippe In Three Days

Mix a half-ounce of Virgin Oil of Pine with two ounces of glycerine and a half-pint of good whisky. Shake well and use in teaspoonful doses every four hours.

It is claimed this formula will strengthen weak lungs, heal the bronchial tubes, check a cold quickly, and cure any cough that is caused. It will break up an ordinary case of "the grip" in three days. Being free from opiates or drugs it is far preferable for use to the ordinary cough mixture. In preparing this formula five ounces of tincture of Cinchona compound can be used in place of the whisky, with the same effect.

The necessary ingredients can be secured at small cost from any good drug store, and easily prepared in your own home. The Virgin Oil of Pine is put up for dispensing only in half-ounce vials, each being securely sealed in a round wooden case. Rank imitations of Virgin Oil of Pine have been put out to resemble it in name and style of packaging. These are essentially ineffective, and often cause nausea. Be sure to get the genuine—look for the name—Virgin Oil of Pine compound pure, guaranteed under the Food and Drugs Act, June 30, 1906, Serial No. 451, prepared only by Leach Chemical Co., Cincinnati, O.

WOMAN SUFFRAGISTS GAINING GROUND IN HOUSE OF COMMONS

LONDON, Feb. 28.—The woman's enfranchisement bill passed its first reading in the House of Commons this afternoon by a vote of 271 to 92, and as soon as the news reached Westminster palace, the waiting crowds of excited women suffragists who had assembled there broke into round after round of cheers. The measure, which was introduced by Henry Yorke Stanger, Liberal member for North Kensington, is identical with the bill of W. H. Dickinson, member of the House for the North division of St. Paneras, which was defeated March 4, 1907.

Herbert Gladstone, the home secretary, spoke in behalf of the government and said he left the decision of the House to the views of its individual members. He declares that personally he favored the principles of the bill, but he thought that the great public

opinion would have to be moved before any effect could be given to it. Undoubtedly, Mr. Gladstone, continued, there has been a great and growing movement in favor of granting suffrage to women, but it still lacks numbers and it has not yet demonstrated that women, as a whole, desire to secure the privilege of voting.

Party lines were completely ignored in the voting. Great crowds of women awaited the result in the vicinity of the House of Commons and a strong detachment of police, mounted and on foot, had been brought up to guard against possible disturbance. Beyond cheering the known supporters of the women's movement, however, there was little demonstration and the women soon dispersed to attend congratulatory meetings where their future course of action was discussed.

their votes. The four who voted for Bradley resisted the strongest appeals from the leaders of all their party factions, declaring it was too late.

Sketch of New Senator.

Senator-Elect Bradley has been many times honored by the Republicans of Kentucky, being the one man of his party to serve a term as governor during the history of the State; was endorsed as the Kentucky candidate for the presidential nomination in 1904, being many times a delegate to the national conventions; long the Kentucky member of the Republican National committee and having been offered, but declined, the appointment by President Harrison as minister to Korea.

He is a native Kentuckian, nearly 61 years old; a lawyer who was admitted to the bar in 1865 by special act of the legislature, being under 21 years of age at the time. His home is in Louisville.

FERDINAND OF BULGARIA WEDS PRINCESS ELEONORE

COBURG, Germany, Feb. 28.—Prince Ferdinand of Bulgaria and Eleonore Caroline Gasparine Louise, Princess of Reuss, were married here today. At the conclusion of the religious and the civil ceremony which followed it, the wedding party left here for Gera, the seat of the younger branch of the Reuss family.

Prince Ferdinand proceeded to the Catholic church where the religious ceremony was held some time in advance of the civil ceremony, and he remained alone in silent prayer until the princess and her escort entered the office. She was accompanied by Prince Henry XXIV, of Reuss-Kostritz, Prince Henry XVIII, of Reuss, and other relatives. After the exchange of rings, mass was celebrated, and then the civil ceremony took place.

Prince Ferdinand of Bulgaria is a member of the house of Sax-Coburg-Gotha. He was born in 1861, and in 1887 he was elected Prince of Bulgaria. In April, 1893, he was married to Princess Marie Louise of Bourbon-Parme, who died in 1896. The prince has two sons and two daughters.

Princess Eleonore is a daughter of Prince Henry IV, of Reuss-Kostritz. She was born near Zullichan, Prussia, in 1880. She is a member of the younger branch of the Reuss family.

NORTHERN PACIFIC WILL NOT CUT ON OPERATORS

ST. PAUL, Minn., Feb. 28.—There will be no reduction in the salaries of the telegraphers on the Northern Pacific on account of the Federal "hours of service" law, according to a March 1. The Northern Pacific will comply with the law and the men will work under much the same schedule of rules as at present, except that some of them may have "split shifts," and that those who work but nine hours will not be allowed a meal hour.

The question of a reduction in salaries and a rearrangement of working schedule was definitely disposed of today when the general committee representing the Northern Pacific telegraphers received a letter from Third Vice-President Levey of the Northern Pacific.

SHOOTS WIFE, FIRES HOME, THEN COMMITS SUICIDE

COLORADO SPRINGS, Colo., Feb. 28.—Edward Price, a Colorado Midland railroad engineer, shot and wounded his wife and set fire to the house and then blew out his own brains at Florissant, Colo., today.

The shooting is supposed to have been the result of insanity. Neighbors were attracted to the scene by flames bursting from the kitchen. Mr. Price has been an engineer for the Midland about a year. He was fifty-two years old. There were no children.

Late reports from Florissant, Colo., indicate that Mrs. Price's wounds did not prove fatal, as first reported, and that she may recover.

LARGE LOSS OF LIFE IN MINE EXPLOSION

LAREDO, Tex., Feb. 28.—Information reaches this city through Federal telegraph sources to the effect that the explosion in La Roubta mine at Sabins, near Musquiz, Mexico, has resulted in a large loss of life. Reports by the Federal telegraph operators place the loss of life at from 40 to 90. The mine is owned by the Monterrey Steel company, and ordinarily employs a force of 250 miners, mostly Japanese and Mexicans. The Federal government has taken charge of the situation.

BIG ADDITIONS TO NEW YORK POLICE FORCE

NEW YORK, Feb. 28.—The establishment of another city police force was begun today by the appointment of Rhineland Waldo, formerly first deputy police commissioner under General Bingham, to be chief of police of the new aqueduct force. This is the force that will be used to take care of the Catskill Aqueduct to be constructed between the Ashokan dam and New York City, a distance of about 138 miles. There will be from 1500 to 2000 men on the new police force when its organization is completed. Many of the men will be mounted. Captain Douglas McKay, a New York State constable of 1905, was made deputy chief. The chief will receive a salary of \$3,600 a year, and the deputy \$3,000.

Pain and Misery

Is simply nerve disturbance. Derangements in any part of the body irritate the nerves centered there. The greater the disturbance the more severe the pain. Dr. Miles' Anti-Pain Pills stop pain and misery because they relieve this irritation. Many women find great relief from periodical suffering by taking Anti-Pain Pills on first indication of distress or pain.

"Dr. Miles' Anti-Pain Pills are the best headache remedy on earth. Mother and I have used this remedy for the past seven years."
